IMPORTANT SAFETY/SERVICE POLICIES

- 1) Customers are strictly prohibited from removing parts which could potentially cause the release or spill of any **HAZMAT** fluid (e.g. antifreeze, fuel, oil, gas, battery acid, etc.) or compressed gas (e.g. Freon, shock absorber, etc.). **Parts listed above with a "※" symbol are identified as items which require removal by Auto Recovery Center staff. No exceptions. (Please fill out a work order at the Auto Recovery Center office to have these items removed.)**
- 2) Any patron found attempting to remove components with potential of causing a **HAZMAT** spill will be told to stop. Failure to comply will result in removal from the facility.
- 3) A minimum **fee of \$55** will be charged to the patron for any **HAZMAT** spill regardless of size / volume. This fee will increase for any additional labor or supplies required for clean up. These fees are entirely under the manager's and staff's discretion.
- 5) All high value, rare, or high demand, stock or aftermarket parts will be priced to sell at current **MARKET VALUE**. These prices are set by management, based upon research of current trends, and non-negotiable. Determination for parts being included in this category is strictly a management decision.
- 6) No patron is permitted into the Auto Recovery Center junk yard without first checking in with Typhoon Motors staff. Appropriate attire required. No open toe or open heel shoes permitted.

PLEASE CONTACT US AT 645-1799 / 6181

Thank you for visiting the Auto Recovery Center!
