

Defense Language Aptitude Battery (DLAB) & Defense Language Proficiency Test (DLPT)

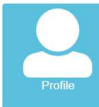

The DLAB determines an examinee's likelihood of learning a new language. The DLAB is required for some lateral moves to change MOS, to participate in officer PME, and to attend language school at the Defense Language Institute (DLI).

The DLPT determines an examinee's proficiency in a specific language. Some examinees may receive a Foreign Language Proficiency Bonus (FLPB) based on their DLPT score. *(See current FY FLBP MARADMIN for details)*

Registration & Requirements:

- Military uniform and ID are required at the time of the exam.
- Marines are required to sign up for DLPT/DLAB appointments through the MyMarineCorps Education portal. *(See Step-by-Step instructions below)*
- **Navy personnel** must contact the Foster Testing Office for DLAB/DLPT test scheduling by email: FosterTesting@okinawa.usmc-mccs.org.
