ABOUT

Who we are

MCCS Okinawa is a multifaceted organization that provides a wide variety of services, programs and facilities to support the local U.S. Military community, a population of over 50,000 U.S. service members and their families, as well as Department of Defense civilians.

MCCS' ultimate objective is to improve the morale and welfare of all service members and families stationed overseas. To assist in reaching this goal, MCCS Marketing's Sponsorship & Advertising Department strives to offset various costs associated with MCCS programs, events, services and publications through the use of Commercial Sponsorship and Advertising income. This not only saves precious Non-Appropriated Funds for MCCS activities, but it provides potential advertisers/sponsors direct access to the lucrative niche military market.

What we do for our heroes

The MCCS Marketing Branch supports MCCS activities on-island, and provides the military community with award-winning publications and activities.

MCCS offers an abundance of exciting activities with something for everyone, from athlete to artist, bowler to batter, adolescent to adult. From early morning unit physical training to late night entertainment, guided tours to college classes, MCCS has a program ready to support our heroes!
