VINOTTIMO is a Veteran-owned company that is dedicated to bringing GREAT wine to the overseas military market. We continue to explore and learn more about the world of wine. We also like to share our experiences with members of the military communities we service. Our newsletter is designed to highlight wines that are available on various NEX/PX/BX and Shopette shelves – as well as to give readers advance notice of some of the special wines that may be brought into their communities for special events, such as wine festivals, seminars, or limited-attendance wine dinners. If you want to stay abreast of these developments, please let us know. We will not share or sell anyone's contact information; we solicit email addresses for the sole purpose of sharing wine news with people like you deployed overseas. **Please feel free to forward our newsletter** mailings to any of your friends or colleagues that may also be interested in fine wines. Similarly, you may have transferred or moved from an OCONUS assignment back to a CONUS location, and may wish to discontinue receiving our newsletters. If so, please send us a note advising us that you have moved and we will be happy to remove your name from our distribution list. We look forward to meeting you when we visit your area. Please be sure to look for us (or our great collection of wines) at any local wine festival or in your Class VI store, Shopette or NEX/PX/BX wine section.
